subject: Re: Kyle, thanks again for your email exchange with me on Manufactured Housing

Hi Kyle,
I'm told that:

This week, the United States House of Representatives is expected to vote on H.R. 5485 an appropriation bill that includes the provisions of the Preserving Access to Manufactured Housing Act. Unfortunately, Rep. Ellison (D-MN) has filed amendments to strip these manufactured housing reforms from the bill.

We must defeat the Ellison Amendments.

I'd value Congressman Ross' continued support for passage of HR 650, via stand alone or as part of the appropriations process.

FYI - you can see a [short video from CSPAN at this link](#) that features Richard Cordray brilliantly refuting the very arguments that opposition to this bill promote! They apparently have no idea that what Cordray has said about MH lending, and what they are doing, are sadly two different things.

Only in America! :-)

Feel free to share the video link - it educates on this MH issue by going right to the source facts. We push this out to our professional as well as general public audiences.

Kindly confirm this message and thank you, sir, for your efforts.

Regards,

Tony
