### We have the Vision and Experience for Sustainably Growing Factory Crafted Home Sales.

We have the Vision and Experience for growing sales in manufactured home communities and at retail centers – working with 1 to 5 star locations.

We know how to attract, engage and sell the site-built housing customer.

If nice photos and video alone would solve what limits manufactured and modular housing, the industry would already be doing 8 to 10 more volume sustainably.

The solutions for MH are not just regulatory, financing or legal, as important as those are. Effective communications & good story telling are keys. **Next Steps?**
