SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

The **Federal Register** notice that solicited public comment on the information collection for a period of 60 days was published on June 4, 2020 at 85 FR 34458.

A. Overview of Information Collection

Title of Information Collection: 2021 Rental Housing Finance Survey.

OMB Approval Number: 2528-0276.

Type of Request: Revision of currently approved collection.

Form Number: N/A.

Description of the need for the information and proposed use: The Rental Housing Finance Survey (RHFS) provides a measure of financial, mortgage, and property characteristics

of rental housing properties in the United States. RHFS focuses on mortgage financing of rental housing properties, with emphasis on new originations for purchase-money mortgages and refinancing, and the characteristics of these new originations.

The RHFS will collect data on property values of residential structures, characteristics of residential structures, rental status and rental value of units within the residential structures, commercial use of space within residential structures, property management status, ownership status, a detailed assessment of mortgage financing, and benefits received from Federal, state, local, and non-governmental programs.

Many of the questions are the same or similar to those found on the 1995 Property Owners and Managers Survey, the rental housing portion of the 2001 Residential Finance Survey, and previous collections of the Rental Housing Finance Survey. This survey does not duplicate work done in other

existent HUD surveys or studies that deal with rental units financing.

Policy analysts, program managers, budget analysts, and Congressional staff can use the survey's results to advise executive and legislative branches about the mortgage finance characteristics of the rental housing stock in the United States and the suitability of public policy initiatives. Academic researchers and private organizations will also utilize the data to facilitate their research and projects.

The Department of Housing and Urban Development (HUD) needs the RHFS data for the following two reasons:

1. This is the only source of information on the rental housing finance characteristics of rental properties.

2. HUD needs this information to gain a better understanding of the mortgage finance characteristics of the rental housing stock in the United States to evaluate, monitor, and design HUD programs.

Information collection	Number of respondents	Frequency of response	Responses per annum	Burden hour per response	Annual burden hours	Hourly cost per response	Annual cost
Responding rental properties	10,000.00	1.00	10,000.00	1.00	10,000.00	\$0.00	\$0.00
Total	10,000.00	1.00	10,000.00	1.00	10,000.00	\$0.00	\$0.00

Legal authority: This survey is conducted under Title 13, U.S.C., Section 8b and Title 12, U.S.C., Section 1701z-1 *et seq.*

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to

respond; including through the use of appropriate automated collection techniques or

other forms of information technology, *e.g.*, permitting electronic submission of responses.

(5) Ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

HUD encourages interested parties to submit comment in response to these questions.

A. Overview of Information Collection

Title of Information Collection: Strategies for Removing the Regulatory Impediments to the Financing and Siting of Factory-Built Housing in American Communities.

OMB Approval Number: 2528-New.

Type of Request: New.

Form Number: N/A.

Description of the need for the information and proposed use: To assess the cost-effectiveness of factory-built housing as a potential affordable housing option in urban and suburban communities, HUD seeks to better understand the regulatory barriers preventing or limiting the use of factory-built housing. This study is framed by

the general research question: What are the main drivers or barriers to the financing, siting and development of factory-built housing systems in various communities? A significant portion of the work of this study will involve identifying the types of barriers, their potential impact (or stringency), and their use in various communities. This process will involve research on several different communities in order to develop a typology of different barriers, catalog the community contexts where different barriers are more prevalent, and develop opportunity cost estimates of different barriers in different contexts. Information will be collected online and by telephone from local land use planning officials and manufacturers and dealers of factory-built housing to help determine the extent to which regulatory barriers limit the development of factory-built housing systems as an affordable housing option.
