CAVCO INDUSTRIES, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

1. Basis of Presentation

The accompanying unaudited Consolidated Financial Statements of Cavco Industries, Inc. and its subsidiaries (collectively, "we," "us," "our," the "Company" or "Cavco") have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission (the "SEC") for Quarterly Reports on Form 10-Q and Article 10 of SEC Regulation S-X. Accordingly, certain information and footnote disclosures normally included in financial statements prepared in accordance with U.S. generally accepted accounting principles ("GAAP") have been condensed or omitted pursuant to such rules and regulations. In addition, references throughout to numbered "Notes" refer to these Notes to Consolidated Financial Statements, unless otherwise stated.

In the opinion of management, these financial statements include all adjustments, including normal recurring adjustments, that are necessary to fairly state the results for the periods presented. Certain prior period amounts have been reclassified from secured financings to accrued expenses to conform to current period classification. We have evaluated subsequent events after the balance sheet date through the date of the filing of this report with the SEC; and except for the events set forth in Note 20 of the Notes to Consolidated Financial Statements ("Notes") of the Company's Quarterly Report on Form 10-Q for the period ended October 1, 2022, there were no subsequent events requiring disclosure. These Consolidated Financial Statements should be read in conjunction with the audited Consolidated Financial Statements and the Notes to the Consolidated Financial Statements included in our 2022 Annual Report on Form 10-K for the year ended April 2, 2022, filed with the SEC ("Form 10-K").

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the Consolidated Financial Statements and accompanying notes. Due to uncertainties, actual results could differ from the estimates and assumptions used in preparation of the Consolidated Financial Statements. The Consolidated Statements of Comprehensive Income and Consolidated Statements of Cash Flows for the interim periods are not necessarily indicative of the results or cash flows for the full year. The Company operates on a 52-53 week fiscal year ending on the Saturday nearest to March 31st of each year. Each fiscal quarter consists of 13 weeks, with an occasional fourth quarter extending to 14 weeks, if necessary, for the fiscal year to end on the Saturday nearest to March 31st. The current fiscal year will end on April 1, 2023 and will include 52 weeks.

We operate in two segments: (1) factory-built housing, which includes wholesale and retail factory-built housing operations, and (2) financial services, which includes manufactured housing consumer finance and insurance. We design and build a wide variety of affordable manufactured homes, modular homes and park model RVs through 26 homebuilding production lines located throughout the United States, which are sold to a network of independent distributors, community operators and residential developers and through our 42 Company-owned retail stores. The financial services segment is comprised of a finance subsidiary, CountryPlace Acceptance Corp. ("CountryPlace"), and an insurance subsidiary, Standard Casualty Company ("Standard Casualty"). CountryPlace is an approved Federal National Mortgage Association ("Fannie Mae") and Federal Home Loan Mortgage Corporation ("Freddie Mac") seller/servicer and a Government National Mortgage Association ("Ginnie Mae") mortgage-backed securities issuer that offers conforming mortgages, non-conforming mortgages and home-only loans to purchasers of factory-built homes. Standard Casualty provides property and casualty insurance primarily to owners of manufactured homes.

During fiscal 2022, we acquired an additional 20% ownership in Craftsman Homes, LLC and Craftsman Homes Development, LLC (collectively known as "Craftsman"), which gave us a controlling interest and therefore became a consolidated entity, and we purchased certain manufactured housing assets and assumed certain liabilities of The Commodore Corporation ("Commodore"). Craftsman is a manufactured home retailer with four locations in Nevada selling Company and other manufacturer branded homes. Commodore added six manufacturing facilities and two wholly-owned retail locations, and also participates in commercial lending operations with its dealers.

In addition to the below, for a description of significant accounting policies we used in the preparation of our Consolidated Financial Statements, please refer to Note 1 of the Notes to Consolidated Financial Statements included in the Form 10-K.

2. Revenue from Contracts with Customers

The following table summarizes customer contract revenues disaggregated by reportable segment and source (in thousands):

As of October 1, 2022 and April 2, 2022, 43% and 39% of the outstanding principal balance of the consumer loans receivable portfolio was concentrated in Texas, respectively, and 16% and 17%, respectively was concentrated in Florida. Other than Texas and Florida, no state had concentrations in excess of 10% of the outstanding principal balance of the consumer loans receivable as of October 1, 2022 or April 2, 2022.

Repossessed homes totaled approximately \$375,000 and \$499,000 as of October 1, 2022 and April 2, 2022, respectively, and are included in Prepaid expenses and other current assets on the Consolidated Balance Sheets. Foreclosure or similar proceedings in progress totaled approximately \$605,000 and \$1.1 million as of October 1, 2022 and April 2, 2022, respectively.

7. Commercial Loans Receivable

The commercial loans receivable balance consists of direct financing arrangements for the home product needs of our independent distributors, community operators and residential developers.

Commercial loans receivable (including from affiliates), net consisted of the following (in thousands):

	October 1, 2022	April 2, 2022
Loans receivable	\$ 77,345	\$ 69,693
Allowance for loan losses	(1,123)	(1,011)

Less current portion	(32,663)	(32,644)
	<u>\$ 43,442</u>	<u>\$ 35,922</u>

The commercial loans receivable balance had the following characteristics:

	October 1, 2022	April 2, 2022
Weighted average contractual interest rate	6.1 %	6.4 %
Weighted average months outstanding	9	9

The following table represents changes in the estimated allowance for loan losses (in thousands):

	Three Months Ended		Six Months Ended	
	October 1, 2022	October 2, 2021	October 1, 2022	October 2, 2021

Loans with indicators of potential performance problems are placed on watch list status and are subject to additional monitoring and scrutiny. Nonperforming status includes loans accounted for on a non-accrual basis and accruing loans with principal payments 90 days or more past due. As of October 1, 2022 and April 2, 2022, there were no commercial loans considered watch list or nonperforming. The following table disaggregates the principal value of our commercial loans receivable by fiscal year of origination (in thousands):

	October 1, 2022						
	2023	2022	2021	2020	2019	Prior	Total
Performing	\$ 43,323	\$ 23,047	\$ 6,698	\$ 2,561	\$ 815	\$ 901	\$ 77,345

Performing	\$ 52,592	\$ 10,181	\$ 4,031	\$ 1,391	\$ 1,498	\$ —	\$ 69,693

As of October 1, 2022, there were no commercial loans 90 days or more past due that were still accruing interest, and we were not aware of any potential problem loans that would have a material effect on the commercial loans receivable balance.

As of October 1, 2022 and April 2, 2022, we had concentrations of our outstanding principal balance of the commercial loans receivable balance in New York of 19% and 25%, respectively. No other state had concentrations in excess of 10% of the outstanding principal balance of the commercial loans receivable as of October 1, 2022 or April 2, 2022.

As of October 1, 2022 and April 2, 2022, one independent third-party and its affiliates comprised 13% and 14%, respectively, of the net commercial loans receivable principal balance outstanding, all of which was secured.

13. Reinsurance and Insurance Loss Reserves

Certain of Standard Casualty's premiums and benefits are assumed from and ceded to other insurance companies under various reinsurance agreements. We remain obligated for amounts ceded in the event that the reinsurers do not meet their obligations.

The effects of reinsurance on premiums written and earned were as follows (in thousands):

	Three Months Ended			
	October 1, 2022		October 2, 2021

Typical insurance policies written or assumed have a maximum coverage of \$300,000 per claim, of which we cede \$125,000 of the risk of loss per reinsurance. Therefore, our risk of loss is limited to \$175,000 per claim on typical policies, subject to the reinsurers meeting their obligations. After this limit, amounts are recoverable through reinsurance for catastrophic losses in excess of \$2 million per occurrence, up to a maximum of \$70 million in the aggregate for that occurrence.

Standard Casualty establishes reserves for claims and claims expense on reported and incurred but not reported ("IBNR") claims of non-reinsured losses. Reserves for claims are included in the Accrued expenses and other current liabilities line item on the Consolidated Balance Sheets and claims expenses are recorded in Cost of sales on the Consolidated Statements of Comprehensive Income. The following details the activity in the reserve for the six months ended October 1, 2022 and October 2, 2021 (in thousands):

	Three Months Ended		Six Months Ended	
	October 1, 2022	October 2, 2021	October 1, 2022	October 2, 2021

14. Commitments and Contingencies

Repurchase Contingencies. We are contingently liable under terms of repurchase agreements with financial institutions providing inventory financing to independent distributors of our products. These arrangements, which are customary in the industry, provide for the repurchase of products sold to distributors in the event of default by the distributor.

The maximum amount for which the Company was liable under such agreements approximated \$189.4 million and \$141.0 million at October 1, 2022 and April 2, 2022, respectively, without reduction for the resale value of the homes. We had a reserve for repurchase commitments of \$5.0 million at October 1, 2022 and \$3.6 million at April 2, 2022, and there were no repurchases during either period.

Construction-Period Mortgages. We fund construction-period mortgages through periodic advances during home construction. At the time of initial funding, we commit to fully fund the loan contract in accordance with a predetermined schedule. The total loan contract amount, less cumulative advances, represents an off-balance sheet contingent commitment to fund future advances.

Loan contracts with off-balance sheet commitments are summarized below (in thousands):

	October 1, 2022	April 2, 2022
Construction loan contract amount	\$ 3,397	\$ 9,330
Cumulative advances	(993)	(3,547)
	<u>\$ 2,404</u>	<u>\$ 5,783</u>

Representations and Warranties of Mortgages Sold. We sell loans to Government-Sponsored Enterprises ("GSEs") and whole-loan purchasers. In connection with these activities, we provide to GSEs and whole-loan purchasers and lenders representations and warranties related to the loans sold or financed. Upon a breach of a representation, we may be required to repurchase the loan or to indemnify a party for incurred losses. We maintain a reserve for these contingent repurchase and indemnification obligations. This reserve of \$816,000 as of October 1, 2022 and \$866,000 as of April 2, 2022, included in Accrued expenses and other current liabilities on the Consolidated Balance Sheets, reflects management's estimate of probable loss. There were no claim requests that resulted in the repurchase of a loan during the six months ended October 1, 2022.

Interest Rate Lock Commitments. In originating loans for sale, we issue interest rate lock commitments ("IRLCs") to prospective borrowers. These IRLCs bind us to fund the approved loan at the specified rate regardless of whether interest rates or market prices for similar loans have changed between the commitment date and the closing date. As of October 1, 2022, we had outstanding IRLCs with a notional amount of \$37.0 million. For the three months ended October 1, 2022 and October 2, 2021, we recognized losses of \$9,000 and \$5,000 respectively on outstanding IRLCs. For the six months ended October 1, 2022 and October 2, 2021, we recognized gains of \$31,000 and \$42,000, respectively.

Forward Sales Commitments. We manage the risk profiles of a portion of the outstanding IRLCs and mortgage loans held for sale by entering into forward sales of mortgage-backed securities ("MBS") and whole loan sale commitments (collectively "Commitments"). As of October 1, 2022, we had \$6.6 million in outstanding Commitments. We recognized non-cash gains of \$178,000 and \$79,000 in the second quarter of fiscal 2023 and 2022, respectively. During the six months ended October 1, 2022 and October 2, 2021, we recognized losses of \$84,000 and \$268,000, respectively.

Legal Matters. On September 2, 2021, the SEC filed a civil complaint in the United States District Court, District of Arizona, naming the Company along with the Company's former Chairman, President & Chief Executive Officer ("former CEO") and the Company's former Chief Financial Officer, alleging violations of the antifraud and internal accounting control provisions of the Securities Exchange Act of 1934 (the "Exchange Act") based on trading in the shares of another company directed by the former CEO that resulted in an unrealized gain of approximately \$265,000. In the prior year, the Company recorded an accrual relating to this loss contingency. On September 23, 2022, the United States District Court for the District of Arizona approved the settlement of the SEC action against the Company. Without admitting or denying the findings of the consent judgment, the Company agreed to the imposition of an injunction against future violations of the antifraud and internal accounting control provisions of the Exchange Act and a monetary penalty of \$1.5 million, which did not have a material impact on the Company's financial statements. The settlement resolves all claims in such action against the Company.

We are party to certain other lawsuits in the ordinary course of business. Based on management's present knowledge of the facts and (in certain cases) advice of outside counsel, management does not believe that loss contingencies arising from pending matters are likely to have a material adverse effect on our consolidated financial position, liquidity or results of operations after taking into account any existing reserves, which reserves are included in Accrued expenses and other current liabilities on the Consolidated Balance Sheets. However, future events or circumstances that may currently be unknown to management will determine whether the resolution of pending or threatened litigation or claims will ultimately have a material effect on our consolidated financial position, liquidity or results of operations in any future reporting periods.

18. Related Party Transactions

In addition to our Company-owned stores, we have non-marketable equity investments in other manufactured housing distributors. In the ordinary course of business, we sell homes and lend to certain of these distributors through our commercial lending programs. For the three and six months ended October 1, 2022, the total amount of sales to related parties was \$20.1 million and \$37.3 million, respectively. For the three and six months ended October 2, 2021, the total amount of sales to related parties was \$14.0 million and \$28.8 million, respectively. As of October 1, 2022, receivables from related parties included \$5.1 million of accounts receivable and \$2.2 million of commercial loans outstanding. As of April 2, 2022, receivables from related parties included \$3.3 million of accounts receivable and \$2.6 million of commercial loans outstanding.

19. Business Segment Information

We operate principally in two segments: (1) factory-built housing, which includes wholesale and retail factory-built housing operations, and (2) financial services, which includes manufactured housing consumer finance and insurance. The following table provides selected financial data by segment (in thousands):

	Three Months Ended		Six Months Ended	
	October 1, 2022	October 2, 2021	October 1, 2022	October 2, 2021

20. Subsequent Event

As announced on October 27, 2022 in a current report on Form 8-K, we have signed a binding offer to acquire the business of Solitaire Homes, Inc. and other related entities (collectively “Solitaire Homes”), including its four manufacturing facilities, twenty-two retail locations and its dedicated transportation operations.

The addition of Solitaire Homes strengthens our position in the Southwest, with high quality products that complement our existing home offerings.

The purchase price totals \$93 million, before certain adjustments that will be determined upon close of the transaction. We expect to fund the acquisition entirely with cash on hand. The transaction is expected to close early in the Company's fourth quarter of fiscal year 2023, subject to applicable regulatory approvals and the satisfaction of certain customary conditions.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Forward-Looking Statements

Statements in this Report on Form 10-Q ("Report") include "forward-looking statements," within the meaning of Section 27A of the Securities Act of 1933, Section 21E of the Securities Exchange Act of 1934 (the "Exchange Act"), and the Private Securities Litigation Reform Act of 1995. Forward-looking statements are often characterized by the use of words such as "believes," "estimates," "expects," "projects," "may," "will," "intends," "plans," or "anticipates," or by discussions of strategy, plans or intentions. Forward-looking statements include, for example, discussions regarding the manufactured housing and site-built housing industries; our financial performance and operating results; our liquidity and financial resources; our outlook with respect to Cavco Industries, Inc. and its subsidiaries' (collectively, "we," "us," "our," the "Company" or "Cavco") and the manufactured housing business in general; the expected effect of certain risks and uncertainties on our business, financial condition and results of operations; economic conditions and consumer confidence; trends in interest rates and inflation; potential acquisitions, strategic investments and other expansions; the sufficiency of our liquidity; operational and legal risks; how we may be affected by the COVID-19 pandemic ("COVID-19") or any other pandemic or outbreak; the cost and availability of labor and raw materials; governmental regulations and legal proceedings; the availability of favorable consumer and wholesale manufactured home financing; and the ultimate outcome of our commitments and contingencies. Forward-looking statements contained in this Report speak only as of the date of this report or, in the case of any document incorporated by reference, the date of that document. We do not intend to publicly update or revise any forward-looking statement contained in this Report or in any document incorporated herein by reference to reflect changed assumptions, the occurrence of unanticipated events or changes to future operating results over time, except as required by law.

Forward-looking statements involve risks, uncertainties and other factors that may cause our actual results, performance or achievements to be materially different from those expressed or implied by such forward-looking statements, many of which are beyond our control. To the extent that our assumptions and expectations differ from actual results, our ability to meet such forward-looking statements, including the ability to generate positive cash flow from operations, may be significantly hindered. Factors that could affect our results and cause them to materially differ from those contained in the forward-looking statements include, without limitation, those discussed under Risk Factors in Part I, Item 1A of our 2022 Annual Report on Form 10-K filed with the Securities and Exchange Commission (the "Form 10-K").

Introduction

The following should be read in conjunction with the Company's Consolidated Financial Statements and the related Notes that appear in Part I, Item 1 of this Report. References to "Note" or "Notes" pertain to the Notes to our Consolidated Financial Statements.

Company Overview

Headquartered in Phoenix, Arizona, we design and produce factory-built housing products primarily distributed through a network of independent and Company-owned retailers, planned community operators and residential developers. We are one of the largest producers of manufactured homes in the United States, based on reported wholesale shipments. Our products are marketed under a variety of brand names including Cavco, Fleetwood, Palm Harbor, Nationwide, Fairmont, Friendship, Chariot Eagle, Destiny, Commodore, Colony, Pennwest, R-Anell, Manorwood and MidCountry. We are also a leading producer of park model RVs, vacation cabins and factory-built commercial structures. Our finance subsidiary, CountryPlace Acceptance Corp. ("CountryPlace"), is an approved Federal National Mortgage Association ("Fannie Mae") and Federal Home Loan Mortgage Corporation ("Freddie Mac") seller/servicer and a Government National Mortgage Association ("Ginnie Mae") mortgage-backed securities issuer that offers conforming mortgages, non-conforming mortgages and home-only loans to purchasers of factory-built homes. Our insurance subsidiary, Standard Casualty Company ("Standard Casualty"), provides property and casualty insurance to owners of manufactured homes.

We operate 26 homebuilding production lines in Millersburg and Woodburn, Oregon; Riverside, California; Nampa, Idaho; Phoenix, Goodyear, Arizona; Austin, Fort Worth, Seguin and Waco, Texas; Montevideo, Minnesota; Dorchester, Wisconsin; Nappanee and Goshen, Indiana; Lafayette, Tennessee; Douglas and Moultrie, Georgia; Shipperville and Emlenton, Pennsylvania; Martinsville and Rocky Mount, Virginia; Cherryville, North Carolina; and Ocala and Plant City, Florida. We also recently opened two new production lines in Glendale, Arizona and Hamlet, North Carolina. The majority of the homes produced are sold to, and distributed by, independently owned retail operations located throughout the United States and Canada. In addition, our homes are sold through 42 Company-owned U.S. retail locations.

During fiscal 2022, we acquired an additional 20% ownership in Craftsman Homes, LLC and Craftsman Homes Development, LLC (collectively known as "Craftsman"), which gave us a controlling interest. Craftsman is a manufactured home retailer with four locations in Nevada selling Company and other manufacturer branded homes. We also purchased certain manufactured housing assets and assumed certain liabilities of The Commodore Corporation ("Commodore"). Commodore added six manufacturing facilities and two wholly-owned retail locations, and also participates in commercial lending operations with its dealers.

On October 26, 2022, subsequent to the end of the second fiscal quarter of 2023, we signed a binding offer to acquire the business of Solitaire Homes, Inc. and other related entities (collectively "Solitaire Homes"), including its four manufacturing facilities, twenty-two retail locations and its dedicated transportation operations. The transaction is expected to close early in our fourth fiscal quarter of 2023, subject to applicable regulatory approvals and the satisfaction of certain customary conditions. The addition of Solitaire Homes to our existing manufacturing and retail system strengthens our position in the Southwest and expands our manufacturing capabilities into Mexico.

Company and Industry Outlook

According to data reported by the Manufactured Housing Institute, industry home shipments increased 14.2% for the first 8 months of calendar year 2022 compared to the same period last year.

The industry offers solutions to the affordable housing crisis and these shipment numbers reflect the industry's ability to produce in the current environment. The average price per square foot for a manufactured home is usually lower than a site-built home. Also, based on the comparatively low cost associated with manufactured home ownership, our products have traditionally competed with rental housing's monthly payment affordability.

The two largest manufactured housing consumer demographics, young adults and those who are age 55 and older, are both growing. "First-time" and "move-up" buyers of affordable homes are historically among the largest segments of new manufactured home purchasers. Included in this group are lower-income households that are particularly affected by periods of low employment rates and underemployment. Consumer confidence is especially important among manufactured home buyers interested in our products for seasonal or retirement living.

We employ a concerted effort to identify niche market opportunities where our diverse product lines and custom building capabilities provide us with a competitive advantage. We are focused on building quality, energy efficient homes for the modern home buyer. Our green building initiatives involve the creation of an energy efficient envelope resulting in lower utility costs, as well as the higher utilization of renewable materials in our manufacturing process. We also build homes designed to use alternative energy sources, such as solar.

We maintain a conservative cost structure in an effort to build added value into our homes and we work diligently to maintain a solid financial position. Our balance sheet strength, including the position in cash and cash equivalents, helps avoid liquidity problems and enables us to act effectively as market opportunities or challenges present themselves.

We continue to make certain commercial loan programs available to members of our wholesale distribution chain. Under direct commercial loan arrangements, we provide funds for financed home purchases by distributors, community operators and residential developers (see Note 7 to the Consolidated Financial Statements). Our involvement in commercial lending helps to increase the availability of manufactured home financing to distributors, community operators and residential developers and provides additional opportunities for product exposure to potential home buyers. While these initiatives support our ongoing efforts to expand product distribution, they also expose us to risks associated with the creditworthiness of this customer base and our inventory financing partners.

The lack of an efficient secondary market for manufactured home-only loans and the limited number of institutions providing such loans results in higher borrowing costs for home-only loans and continues to constrain industry growth. We work independently and with other industry participants to develop secondary market opportunities for manufactured home-only loan and non-conforming mortgage portfolios and expand lending availability in the industry. Additionally, we continue to invest in community-based lending initiatives that provide home-only financing to residents of certain manufactured home communities. We also develop and invest in home-only lending programs to grow sales of homes through traditional distribution points. We believe that growing our investment and participation in home-only lending may provide additional sales growth opportunities for our factory-built housing operations and reduce our exposure to the actions of independent lenders.

Key housing building materials include wood, wood products, steel, gypsum wallboard, windows, doors fiberglass insulation, carpet, vinyl, fasteners, plumbing materials, aluminum, appliances and electrical items. Fluctuations in the cost of materials and labor may affect gross margins from home sales to the extent that costs cannot be efficiently matched to the home sales price. Pricing and availability of certain raw materials have recently been volatile due to a number of factors in the current environment. We continue to monitor and react to inflation in these materials by maintaining a focus on our product pricing in response to higher materials costs, but such product pricing increases may lag behind the escalation of such costs. From time to time and to varying degrees, we may experience shortages in the availability of materials and/or labor in the markets served. Availability of these inputs has not caused significant production halts in the current period, but we have experienced periodic shutdowns in other periods and shortages of primary building materials have caused production inefficiencies as we have needed to change processes in response to the delay in materials. These shortages may also result in extended order backlogs, delays in the delivery of homes and reduced gross margins from home sales.

Our backlog at October 1, 2022 was \$651 million compared to \$1.0 billion last quarter, a decrease of \$347 million or 34.8%, and down \$456 million, or 41.2%, compared to \$1.1 billion at October 2, 2021. Home order rates, net of cancellations, are down from the extreme highs we saw during the summer of 2020 to the summer of 2021. Additionally, our efforts in product simplification and production staffing improvement have increased our total average plant capacity utilization.

While it is difficult to predict the future of housing demand, employee availability, supply chain and Company performance and operations, maintaining an appropriately sized and well-trained workforce is key to increasing production to meet increased demand, and we face challenges in overcoming labor-related difficulties in the current environment to increase home production. We continually review the wage rates of our production employees and have established other monetary incentive and benefit programs, with a goal of providing competitive compensation. We are also working to more extensively use web-based recruiting tools, update our recruitment brochures and improve the appearance and appeal of our manufacturing facilities to improve the recruitment and retention of qualified production employees and reduce annualized turnover rates. We believe our ability to recruit the workforce we need to help meet the overall need for affordable housing continues to improve.

In the financial services segment, we continue to assist customers in need by servicing existing loans and insurance policies and complying with state and federal regulations regarding loan forbearance, home foreclosures and policy cancellations. Certain loans serviced for investors expose us to cash flow deficits if customers do not make contractual monthly payments of principal and interest in a timely manner. For certain loans serviced for Ginnie Mae and Freddie Mac, and home-only loans serviced for certain other investors, we must remit scheduled monthly principal and/or interest payments and principal curtailments regardless of whether monthly mortgage payments are collected from borrowers. Ginnie Mae permits cash obligations on loans in forbearance from COVID-19 to be offset by other incoming cash flows from loans such as loan pre-payments. Monthly collections of principal and interest from borrowers have exceeded scheduled principal and interest payments owed to investors; however, mandatory extended forbearance under the Coronavirus Aid, Relief and Economic Security Act and certain other regulations related to COVID-19 could negatively impact cash obligations in the future.

Net factory-built housing revenue per home sold	\$ 108,272	\$ 89,678	\$ 18,594	20.7 %

In factory-built housing, Net revenue for both the three and six months ended October 1, 2022 increased compared to the respective periods in the prior year due to higher home sales volume and higher home selling prices. Home sales volume increased from the Commodore acquisition, completed in the second quarter of fiscal year 2022, which provided \$107 million and \$208 million in Net revenue for the three and six months ended October 1, 2022, respectively. The three and six months also benefited from higher factory capacity utilization which enabled higher sales volume.

Net factory-built housing revenue per home sold is a volatile metric dependent upon several factors. A primary factor is the price disparity between sales of homes to independent distributors, builders, communities and developers and sales of homes to consumers by Company-owned retail stores. Wholesale sales prices are primarily comprised of the home and the cost to ship the home from a homebuilding facility to the home-site. Retail home prices include these items and retail markup, as well as items that are largely subject to home buyer discretion, including, but not limited to, installation, utility connections, site improvements, landscaping and additional services. Our homes are constructed in one or more floor sections ("modules") which are then installed on the customer's site. Changes in the number of modules per home, the selection of different home types/models and optional home upgrades create changes in product mix, also causing fluctuations in this metric. The table below presents the mix of modules and homes sold for the three and six months ended October 1, 2022 and October 2, 2021:

	Three Months Ended					
	October 1, 2022		October 2, 2021		Change	
	Modules	Homes	Modules	Homes	Modules	Homes
U.S. Housing and Urban Development ("HUD") code homes	8,099	4,639	5,548	3,154	46.0 %	47.1 %
Modular homes	444	226	519	254	(14.5)%	(11.0)%

Park model RVs	487	487	387	387	25.8 %	25.8 %
	<u>18,031</u>	<u>10,457</u>	<u>12,574</u>	<u>7,297</u>	43.4 %	43.3 %

For the three months ended October 1, 2022, Financial services segment Net revenue increased 2.0% primarily due to higher volume in home loan sales in the period. For the six months ended October 1, 2022, Net revenue decreased 5.8% primarily due to realized and unrealized losses on marketable equity securities in the insurance subsidiary's portfolio during such period, lower interest income earned on the acquired consumer loan portfolios, and lower volume in home loan sales. These items were partially offset by more insurance policies in force in the current year compared to the prior year.

Factory-built housing	25.5 %	22.7 %	N/A	2.8 %
Financial services	39.0 %	43.2 %	N/A	(4.2)%

Factory-built housing Gross profit and the Gross profit percentage increased for the three and six months ended October 1, 2022 primarily due to higher average sales prices.

In Financial services, Gross profit increased for the three months ended October 1, 2022 primarily due to the higher volume of home loan sales. For the six months ended October 1, 2022, Financial services gross profit decreased primarily due to higher insurance claims from New Mexico and Arizona weather related events, and greater unrealized losses on marketable equity securities compared to the same period last year.

Selling, General and Administrative Expenses

Selling, general and administrative expenses as % of Net revenue	11.4 %	12.5 %	N/A	(1.1)%

For the three and six months ended October 1, 2022, Selling, general and administrative expenses related to factory-built housing increased between periods primarily from the addition of Commodore, as well as higher salary and incentive compensation expense on improved earnings and higher legal and professional fees.

As a percentage of Net revenue, Selling, general and administrative expenses improved by 100 and 110 basis points for the three and six months ended October 1, 2022, respectively, from better utilization of fixed costs on higher sales.

Other Components of Net Income

(\$ in thousands)	Three Months Ended		Change	
	October 1, 2022	October 2, 2021		
Interest expense	\$ 233	\$ 203	\$ 30	14.8 %
Other income, net	2,339	4,668	(2,329)	(49.9)%
Income tax (benefit) expense	18,613	11,338	7,275	64.2 %
Effective tax rate	20.1 %	23.1 %	N/A	(3.0)%

(\$ in thousands)	Six Months Ended		Change	
	October 1, 2022	October 2, 2021		
Interest expense	\$ 394	\$ 367	\$ 27	7.4 %
Other income, net	3,222	7,129	(3,907)	(54.8)%
Income tax expense	38,229	19,770	18,459	93.4 %
Effective tax rate	22.2 %	23.4 %	N/A	(1.2)%

Interest expense consists primarily of interest related to finance leases.

Other income, net primarily consists of realized and unrealized gains and losses on corporate investments, interest income related to commercial loan receivable balances, interest income earned on cash balances and gains and losses from the sale of property, plant and equipment. The decrease in Other income, net is primarily due to a \$3.3 million gain recognized in the second quarter of last year on the remeasurement of the assets and liabilities of Craftsman upon acquisition of a controlling interest. Additionally, for the six months ended October 1, 2022, we recognized a \$1.1 million unrealized loss on corporate marketable investments compared to a \$1.7 million unrealized gain in the prior year. These items were partially offset by higher interest income earned on a larger cash balance held in high yield money market funds.

The effective tax rate for the current year periods benefited from \$2.7 million of estimated non-recurring net tax credits related to the sale of energy efficient homes, available under the Internal Revenue Code §45L. This program expired on December 31, 2021 and was recently renewed as part of the Inflation Reduction Act legislation through December 31, 2022.

Liquidity and Capital Resources

We believe that cash and cash equivalents at October 1, 2022, together with cash flow from operations, will be sufficient to fund our operations, cover our obligations and provide for growth for the next 12 months and into the foreseeable future. We maintain cash in U.S. Treasury and other money market funds, some of which are in excess of federally insured limits. We expect to continue to evaluate potential acquisitions of, or strategic investments in, businesses that are complementary to the Company, as well as other expansion opportunities. Such transactions may require the use of cash and have other impacts on our liquidity and capital resources. Because of our sufficient liquid resources, we have not historically sought external sources of liquidity, with the exception of certain credit facilities for our home-only lending programs. Regardless, depending on our operating results and strategic opportunities, we may choose to seek additional or alternative sources of financing in the future. There can be no assurance that such financing would be available on satisfactory terms, if at all. If this financing were not available, it could be necessary for us to reevaluate our long-term operating plans to make more efficient use of our existing capital resources at such time. The exact nature of any changes to our plans that would be considered depends on various factors, such as conditions in the factory-built housing industry and general economic conditions outside of our control.

State insurance regulations restrict the amount of dividends that can be paid to stockholders of insurance companies. As a result, the assets owned by our insurance subsidiary are generally not available to satisfy the claims of Cavco or its legal subsidiaries. We believe that stockholders' equity at the insurance subsidiary remains sufficient and do not believe that the ability to pay ordinary dividends to Cavco at anticipated levels will be restricted per state regulations.

The following is a summary of the Company's cash flows for the six months ended October 1, 2022 and October 2, 2021, respectively:

(in thousands)	Six Months Ended		\$ Change
	October 1, 2022	October 2, 2021	
Cash, cash equivalents and restricted cash at beginning of the fiscal year	\$ 259,334	\$ 339,307	\$ (79,973)
Net cash provided by operating activities	162,942	80,087	82,855
Net cash used in investing activities	(34,933)	(156,045)	121,112
Net cash used in financing activities	(39,224)	(18,873)	(20,351)
Cash, cash equivalents and restricted cash at end of the period	<u>\$ 348,119</u>	<u>\$ 244,476</u>	<u>\$ 103,643</u>

Net cash provided by operating activities increased primarily from higher net income adjusted for non-cash items. This increase was partially offset by increased lending in our Financial Services segment, as well as under our commercial loan programs. Consumer loan originations increased \$11.8 million to \$97.2 million for the six months ended October 1, 2022 from \$85.4 million for the six months ended October 2, 2021.

Net cash used in investing activities consists of buying and selling debt and marketable equity securities in our Financial Services segment, purchases of property, plant and equipment and funding strategic growth acquisitions. Cash used in the current period reflects the purchase of plant facilities in Hamlet, North Carolina. Cash used in the prior period reflects the purchase of Commodore and Craftsman.

Net cash used in financing activities for the current period was primarily for the repurchase of common stock during the first quarter of fiscal 2023.

See Note 14 to the Consolidated Financial Statements for a discussion of our off-balance sheet commitments, which discussion is incorporated herein by reference.

Obligations and Commitments. There were no material changes to the obligations and commitments as set forth in the Form 10-K.

Critical Accounting Estimates

There have been no significant changes to our critical accounting estimates during the six months ended October 1, 2022, as compared to those disclosed in Part II, Item 7 of the Form 10-K, under the heading "Critical Accounting Estimates," which provides a discussion of the critical accounting estimates that management believes affect its more significant judgments and estimates used in the preparation of the Company's Consolidated Financial Statements.

Other Matters

Impact of Inflation. At the end of the period, inflation was the highest in the U.S. in over 30 years. Our ability to maintain certain levels of gross margin can be adversely impacted by sudden increases in specific costs, such as the increases in materials and labor. In addition, measures used by the Federal Reserve to combat inflation, such as increases in interest rates, could also have an impact on the ability of home buyers to obtain affordable financing. We can give no assurance that inflation will not affect our future profitability and financial position.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

There have been no material changes from the quantitative and qualitative disclosures about market risk previously disclosed in the Form 10-K.

Item 4. Controls and Procedures

(a) Disclosure Controls and Procedures

The Company carried out an evaluation, under the supervision and with the participation of the Company's management, including its President and Chief Executive Officer and its Chief Financial Officer, of the effectiveness of its disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)). Based upon that evaluation, the Company's President and Chief Executive Officer and its Chief Financial Officer concluded that, as of October 1, 2022, its disclosure controls and procedures were effective.

(b) Changes in Internal Control Over Financial Reporting

There has been no change in the Company's internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) that occurred during the fiscal quarter ended October 1, 2022 which has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

See the information under the "Legal Matters" caption in Note 14 to the Consolidated Financial Statements, which is incorporated herein by reference.

Item 1A. Risk Factors

In addition to the other information set forth in this Report, you should carefully consider the factors discussed in Part I, Item 1A, *Risk Factors*, in the Form 10-K, which could materially affect our business, financial condition or future results. The risks described in this Report and in the Form 10-K are not the only risks facing the Company. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition and/or operating results.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

Issuer Purchases of Equity Securities

As announced on May 26, 2022 in a current report on Form 8-K, the Company's Board of Directors approved a \$100 million stock repurchase program with the same terms and conditions as the previous plan. There have been no repurchases made under this program.

Item 5. Other Information

There is no other information required to be disclosed under this item which was not previously disclosed.
