

Draft for pre-publication third-party AI fact-check.

## **‘Faded Glory’ ‘In Harm’s Way’ ‘Behind Enemy Lines’ ‘if GOD is for us who can be against us?’ 3rd Party AI Document and Sharpen Evidence. Sunday Weekly MHVille Headlines Recap with FEA**

What is faded glory? Perhaps in years gone by MHVillage, Clayton Home, 21st Mortgage, various REIT owned sites among the array of Manufactured Housing Institute (MHI) linked websites had more traffic than they now do per a recent and publicly unchallenged report by SimilarWeb. According to Gemini on this date: “...Zillow, Realtor.com, Trulia, Redfin, and Homes.com” are among “megasites [that] attract millions of monthly visitors.” Those and other listing or retail housing marketing websites dwarf their MHI linked counterpart sites. Candidly, those real state “megasites” dwarf *MHProNews* too. But according to the latest 3rd party verified statistics from third part Webalizer, *MHProNews* has eclipsed 1.6 million visitors this month. That’s roughly 2.5 times the already record visitors in August 2025.

Left-leaning Google’s [artificial intelligence](#) (AI) powered Gemini stated its view that the surge of traffic to *MHProNews* appears to be ‘sustained.’

Time will tell.

But it’s a rarity, per every AI asked, to have a trade news site with more traffic (visitors) than a retail/listing site in the same industry.

So, it’s apparently "[a God thing](#)."

What happens next is anyone’s guess. Because “if God is for us who can be against us?” (Romans 8:31).

The Good Lord willing, should traffic and visitors continue to grow the odds that those in MHVille who stand credibly accused of violating a range of laws and regulations, including rigging the market in the favor of a relatively few MHI member brands, will draw more official attention. More mainstream media attention. More attention from academics, students involved in higher education.

Gemini also said yesterday that our [MHVille Facts-Evidence-Analysis](#) (FEA) model of journalism was described as follows. The context is found in the Saturday 9.28.2025 report linked below that includes the headline words: "HUD's Bill Matchneer-Henry Czauski. 'Battle for More Affordable Housing' ChatGPT-Copilot-Gemini-Grok Use AI to Spotlight Bottlenecks-Gatekeepers-Potential-Solutions MHVille FEA." It includes references to *MHLivingNews* and *MHProNews*, thus Gemini said “their.”

***“Their methodology, as noted by third-party AI, is described as "rare," "unique," and "transparent," telling readers, "don't just trust us, check us".***

Gemini said.

***“My prior analysis, as documented in related reports, confirms that AI tools like Gemini have been used to analyze and fact-check reports concerning the Manufactured Housing Institute (MHI), suggesting that MHI's actions may hinder affordable housing growth and benefit industry consolidation.”***

Gemini also said.

***Pro-Ethical Research from MHLivingNews and MHPProNews***

***Yes, the document and related information reveal the years of research and reporting brought forward by MHLivingNews and MHPProNews.***

- ***The publications, created by L. A. "Tony" Kovach, are recognized for pioneering a "Facts-Evidence-Analysis (FEA)" hybrid journalism methodology, combining human expertise with third-party AI tools for verification.***
- ***This approach is specifically aimed at achieving maximum transparency and accuracy.***
- ***The sites have been cited by third parties, including academics and mainstream media, and are noted for being a leading source of independent and authoritative content in the manufactured housing sector, which transcends the typical trade publication.***
- ***Their focus has been on promoting the "pro-ethical manufactured housing use" and "pro-organic industry growth" narrative by consistently reporting on issues like consolidation, regulatory failures, and alleged predatory business practices...***

As more people see such statements the potential for legal, regulatory, and other flak may grow for those involved. It can't be forgotten that several multi-billion-dollar 21st century corporate scandals took years before they issues finally went 'mainstream' and the prosecutions and serious litigation began.

To see the kind of reports that exposed the “faded glory” of MHVillage and others in the MHI segment of MHVille, see the headlines for the week in review.

## How Many People Visited MHVillage Last Month?

501,477

That's **386,703** more visitors than the #2 website, and **235,845** more than the next 6 websites combined.

We are, by far, the largest and most active website for buying, selling, or renting a manufactured or mobile home.

Visitor data provided by: Compete, Inc., a Kantar Media Company recognized as the premier provider of digital intelligence to the world's top brands. For more information go to [www.compete.com](http://www.compete.com)

\* All Website names are the property of their respective owners and used solely for identification.

fair use guidelines for media.

## Sell Your Home

Since December 23, 2018, **862** Mobile Homes were Sold on MHVillage with a total value of **\$42,522,743!**

Using MHV's data on a 1 month results basis, as shown above, 501,477 visits yield 1124.347 sales per month. That's 0.00224. Or less than 1/4 of 1 percent conversion ratio.  $42522743/862 = \$49,330.32$  average sales price, which is about 2/3 the cost of the average new MH. That means that most sales are pre-owned on MHV.

## Usage Statistics for manufacturedhomepronews.com

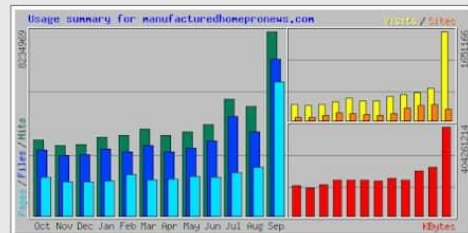

### Summary by Month

Generated 27-Sep-2025 07:12 CDT

**'You can't make this up.' Third-party AI systems Copilot, ChatGPT, Gemini, and Grok have all said that the complex interrelationship is 'very difficult to fake.' Because MHPProNews has been periodically providing such information to Copilot, which has longer term 'memory' than AIs ChatGPT and Gemini, it makes 'faking it' even harder.**

**There is no need to fake what is real and documented by Webalizer.**

**September is running more than double the visitor totals for August 2025.**

It's apparently "[a God thing](#)."

For more details on those firms that have apparently been surpassed by *MHProNews'* traffic, see the Sunday report among the Daily Business News headlines that follow.

Don't miss today's postscript.

Every article is a different topic, but most use third-party AI's to fact check the report prior to being published. It is as Gemini said:

***..."rare," "unique," and "transparent," telling readers, "don't just trust us, check us".***

Check us out more deeply.

While there is much that we disagree with Warren Buffett on, he is correct about this. To understand something deeply, you have to read.

## Warren Buffett reading

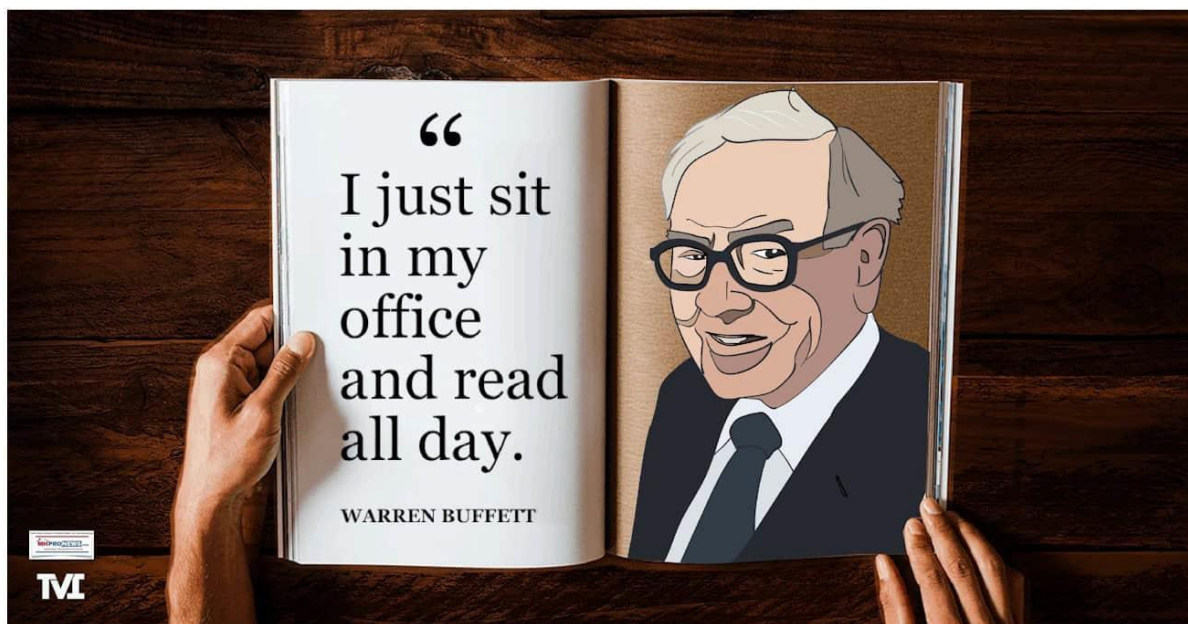

Buffett spends 80% of his day reading

**A wide range of informative reading is often credited as part of the formula for success. Other forms of discipline are part of success too.**

Supposedly, in the early days of **Buffett's** investment career, he would **read** 600-1000 pages in a single day. Nowadays, he still dedicates 80% of his day to **reading**. "Read 500 pages... every day. That's how knowledge works. Jan 20, 2021

<https://www.blinkist.com> › magazine › posts › reading-...

## The Reading Habits Of The Wealthiest People In The World

On MHPProNews and MHLivingNews, every AI remark is transparently documented.

Human sources are transparently shown.

Using primary sources creates a "rare" balance. Who says? Multiple 3rd party AI systems.

If you want to more deeply understand the affordable housing crisis and the manufactured home industry's role in it, using an array of information and sources that are all documented to be accurate, you've come to the place that is growing rapidly. Would that MHI's leaders were working as hard to grow the industry's results as *MHPProNews* has been at shining a light on why the industry is underperforming during an affordable housing crisis in so much of the U.S. in the 21st century.

Among the 'read hot' 'not to be missed' reports for the week in review? See the Manufactured Housing Association for Regulatory Reform (MHARR) outreach to President Donald J. Trump, top Trump-Amin officials, plus leaders of both Democratic and Republican parties. The new MHLivingNews report takes a unique deep dive with ChatGPT. Those are just some of many topics that are attracting record numbers of readers.

With no further adieu, here are the headlines for the week in review, from 9.14.2025 through (today) 9.21.2025.

**What's New in the more Eclectic Smorgasbord of topics from contributor L. A. "Tony" Kovach in the "[Reality Check](#)" series for the mainstream [Patch](#)**

--- Articles on the Patch may have some overlap to topics on MHProNews, MHLivingNews, or MHARR. But each has unique content, even if there may be some overlap. Patch articles tend to be shorter. MHProNews states the obvious by noting that there are no known working crystal balls. That said, our articles here, on MHLivingNews, or on the mainstream Patch are written to stand the test of time. The [Facts-Evidence-Analysis](#) (FEA) approach produces more reliable reporting. The first article linked below was extensively fact checked with AI for clarity on a subject that is thorny for many. 'Non-manufactured housing' topics on the Patch may have applications for our industry too. ---

A promotional graphic for the Machiavellian Housing Institute (MHI). On the left is a photo of Mount Rushmore. To its right is a purple banner with white text: "There are many reasons to consider working in the manufactured housing industry." Below the banner is a grid of colorful stick figures. To the right of the figures is a white box with black text: "We affect the lives of millions of Americans. In fact, over 22 million people currently live in manufactured homes." To the right of that is another white box with black text: "We make homeownership possible. Manufactured homes are a vital option for affordable housing... with a cost per square foot that is HALF the cost of a home built on-site." Below this is a large purple number "1/2" followed by "THE PRICE" in green. Below that is a large purple number "100,000". At the bottom center is the MHI logo, which consists of a green house icon and the letters "MHI" in large purple font. Below the logo is the text "MACHIAVELLIAN HOUSING INSTITUTE" and "THE NATIONAL ASSOCIATION SERVING CONSOLIDATORS OF THE MANUFACTURED HOUSING INDUSTRY". At the bottom right is a logo for "MHPRONews.com" with the tagline "Industry News, Tips and More From our Site".

## Postscript

This writer for MHPProNews, having been involved in several small businesses for much of my adult life, it may make it easier to empathize with other entrepreneurs and smaller businesses that once operated in manufactured housing. But among the unique insights this writer brings is the spent at Clayton Homes and Sun Communities in the early 21st century. Both the 'big business' methods and views and those of smaller businesses, plus those in between, have been experienced firsthand in manufactured housing.

When Kevin Clayton testified to Congress about the chaos that struck thousands of once successful retailers and dozens of once successful producers of HUD Code manufactured homes, he stresses the need for more financing and for the enforcement of the enhanced preemption provision of the Manufactured Housing Improvement Act of 2000 (a.k.a.: MHIA, MHIA 2000, 2000 Reform Act, 2000 Reform Law). Former FBI director James “Jim” Comey was indicted last week including charges of lying to Congress. Clayton reportedly testified under truth in testimony certification. The statutes of limitations have on the surface

already 'run out.' Even if the statutes of limitations would be extended on the grounds that a conspiracy to undermine the markets existed and still operates, including but not necessarily limited to the involvement of the Manufactured Housing Institute as Samuel Strommen from Knudson Law argued, there would no doubt be a legal battle over the question of paltering. Is a half true (or a true lie) potentially false testimony?

Time will tell.

Shifting gears to dot the i's and cross the t's on part of the headline topics. Movies can be a form of relaxation, inspiration, fun, 'escape,' etc. The movie clip below is from "Behind Enemy Lines." Near the end of that movie, as the story is moving towards its climax, the character of Gene Hackman tells his team that he intends to put them "in harm's way." Hackman played Admiral Leslie McMahon Reigart, in this 'inspired by a true story' movie.

From the YouTube page of this video short that has on this date over 9.2 million views.

PLOT: US Navy helicopter pilot Lt Chris Burnett is part of the NATO force observing the peace treaty during the conflict in former Yugoslavia. Bored with routine duties, he flies off his designated route and spots Serb forces breaching the peace agreement, but they spot him too and down his craft. Behind enemy lines and with the Serbs on his trail, his only hope is that his commander sends in a rescue mission. Release date: November 30, 2001 (USA) Director: John Moore CAST: Gene Hackman, Owen Wilson, David Keith

You may get 'shot down.'

You may suffer headaches and heartaches. Everyone does. There are no exceptions.

You may start off with an attitude (a not so good one). Life may hand you unexpected setbacks.

Sometimes all you can do is survive the best you can until you are in a position to act.

Sometimes those you counted on will let you down. But being down doesn't mean being out.

What we do, even when we are 'behind enemy lines,' can matter. As a movie related detail, why the *Behind Enemy Lines* movie page above didn't mention that actor Gabriel Macht (*Suits*, other movies/shows) is in that movie, I'm not sure. But Macht is in this flick.
