

The Time has Come for Action Over Posturing and Words SNAP, MHARR and Housing Crisis House-Senate Must Act

House-Senate Called to Fix SNAP Funding, Get Fed Employees Paid-MHARR Calls on Congress-Trump Admin and MHI to Fix ROAD to Housing Act

Last night (10.30.2025) President Donald J. Trump called on Congress to 'nuke' the Senate filibuster rule to get the federal government fully operating to programs like SNAP (Supplemental Nutrition Assistance Program) funded and all federal employees paid. Several Democrats have said that they are using the lack of funding for the government, obviously including the SNAP food program, as a point of 'leverage.' Senate Republicans have voted over a dozen times to pass a clean continuing resolution (CR) that would allow for negotiations on programs like the costly Obamacare (the so-called Affordable Care Act (ACA) that even [left-leaning](#) Washington Post has said has never been affordable) program that Democrats cite as a reason to hold the federal budget - and thus the needy - hostage. The Democratic politics behind that plan may be backfiring on them, per [left-leaning](#) CNN and others. Private charities are stepping up hoping to fill the gap caused by the pending lapse of funding for SNAP.

🇺🇸 **MASSIVE** — President **Trump**: “...BECAUSE OF THE FACT THAT THE DEMOCRATS HAVE GONE STONE COLD “CRAZY,” THE CHOICE IS CLEAR — INITIATE THE “NUCLEAR OPTION,” GET RID OF THE FILIBUSTER AND, MAKE AMERICA GREAT AGAIN!”

Trump is calculating Democrats will do this anyway.

It was only a couple days ago JD Vance told Republicans: ‘We need to stop being concerned Democrats will only do something if we do it first.’

Top Democrats are saying the quiet part out loud about the shutdown: “Of course, there will be families that are going to suffer,” but they’re fine with it because it gives them “leverage.”

Let's be absolutely clear: Democrats would NOT have shut the government down if their political careers didn't depend on it.

The number 2 House Democrat said so HERSELF: "Of course there will be families that are going to suffer... but it is one of the few **leverage** times we have."

YOUR PAIN is THEIR LEVERAGE. Utterly shameful.

Bernie Sanders openly admits that the Democrats will lose **leverage** if the shutdown ends.

The Democrats care more about their **leverage** for illegals than they do for the American people.

Democrats voted for 13 clean CRs under Biden. The only thing that's changed is President Trump.

Your lies aren't working. Democrats are sitting on **clean CR** and voted 13 times against it.

 The Democrats can continue **to lie to** the American people, but here are the cold hard facts. 

- > House Rep**ublicans** acted responsibly and passed a bipartisan, **clean CR to keep the government open.**
- > Now, we need the Senate **to simply** do the same.
- > The bill requires 60 votes in the Senate to pass.
- > There are only 53 Republicans in the Senate, meaning Democrats need to step up, pass the **CLEAN CR**, and **REOPEN** the government!

One way or another, the Democratic "Schumer Shutdown" will end. Republicans in the U.S. House did their jobs, and Senate Republicans - including a few Democrats - have voted to fully open the government via funding through a so-called "clean CR."

When that happens does, the House will come back into session. That is when movement of some kind is expected on the ROAD to Housing Act 2025 that was passed by the Senate and attached to the National Defense Authorization Act (NDAA).

The Washington, D.C. based [Manufactured Housing Association for Regulatory](#) (MHARR) reform is on record having asked Congress to amend the ROAD to Housing Act 2025. According to multiple third-party AI fact-evidence-analysis (FEA) checks combined with human expertise reported by [MHProNews](#) and [MHLivingNews](#) have pointed out without

the [MHARR amendments](#), the ROAD Act can undermine some existing federal laws and undermine solutions to the lack of affordable housing.

For whatever reasons, the [Manufactured Housing Institute](#) (MHI) has failed to join MHARR to press for the [MHARR amendments](#) that their [white paper on the ROAD to Housing Act](#) said were needed.

Various AI have said that MHI's lack of action appears to be tied to large members that are self-declared consolidators of the industry. Meaning, some key members in MHI apparently want the affordable housing crisis to continue. That's not mere speculation. A notorious MHI member, Frank Rolfe, said that there is no serious desire to fix the affordable housing crisis.
