

anticipates this collection to replace existing collections used to satisfy financial monitoring requirements.

Respondents: All HUD grant recipients managing grants with special conditions for enhanced financial reporting requirements, which will

typically apply to grants awarded in 2025 and forward.
Respondents (i.e., affected public): All HUD Grantees.

Information collection	Number of respondents ¹	Frequency of response	Response per annum ²	Burden hour per response ²	Annual burden hours	Hourly cost per response ³	Annual cost
Total	30,000	4	120,000	1.5	180,000	\$49.08	\$8,834,400

¹ Number of respondents are based on the estimated number of unique entities that receive grants from HUD.

² Responses per annum and burden hour per response estimates are based on a demonstration program HUD completed in partnership with nine grant recipients.

³ Hourly cost estimates are based on Bureau of Labor Statistics' most recently published (as of this writing) May 2025 hourly median wage of Financial Analysts and Advisors (Standard Occupational Classification code 13–2050) (\$49.08), consistent with the nature of financial reporting required under the information collection.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

- (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (2) The accuracy of the agency's estimate of the burden of the proposed collection of information;
- (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and
- (4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

SUPPLEMENTARY INFORMATION:

Background

Notice of these meetings is provided in accordance with the Federal Advisory Committee Act (FACA) and implementing regulations. 5 U.S.C. 1009(a)(2), 41 CFR 102–3.150. The Manufactured Housing Consensus Committee (MHCC) was established by the National Manufactured Housing Construction and Safety Standards Act

of 1974. Public Law 93–383, 88 Stat. 633, codified at 42 U.S.C. 5401 *et seq.* This Act was later amended by the Manufactured Housing Improvement Act of 2000 (Pub. L. 106–569, 114 Stat. 2944). Under 42 U.S.C. 5403, the purposes of the MHCC are to:

(1) Provide periodic recommendations to the Secretary to adopt, revise, and interpret the Federal manufactured housing construction and safety standards in accordance with subsection 5403(a);

(2) Provide periodic recommendations to the Secretary to adopt, revise, and interpret the procedural and enforcement regulations, including regulations specifying the permissible scope and conduct of monitoring, in accordance with subsection 5403(b); and

(3) Be organized and carry out its business in a manner that guarantees a fair opportunity for the expression and consideration of various positions and for public participation. The MHCC is deemed an advisory committee not composed of Federal employees.

Public Comment

Interested parties wishing to make comments on the business of the MHCC are encouraged to register by or before Monday, July 13, 2026, by contacting HUD's Administering Organization for the MHCC (AO), Home Innovation Research Labs; Attention: Kevin Kauffman, 400 Prince Georges Blvd., Upper Marlboro, MD 20774, or email to mhcc@homeinnovation.com or call 1–888–602–4663. Written comments should be submitted on or before Monday, July 13, 2026, to give MHCC members an opportunity to review the comments and come prepared to the meeting. Timely submission of comments will allow adequate opportunity to consider stakeholder input and help facilitate meaningful discussions. The MHCC strives to accommodate citizen comments to the extent possible within the time constraints of the meeting agenda.

Advance registration is strongly encouraged. The MHCC will provide an opportunity for public comments on specific matters before the MHCC.

The Department of Housing and Urban Development (HUD), Office of Manufactured Housing Programs, is providing an opportunity for the MHCC to discuss proposed updates to the Manufactured Housing Construction and Safety Standards regarding energy conservation. The input will help HUD further refine certain aspects of the energy conservation standards for manufactured housing, as well as the supporting technical analysis, including anticipated costs and benefits. HUD is scheduling this meeting with the MHCC to allow robust discussion, analysis, and consideration as the committee is responsible for providing recommendations to the Secretary for the purposes of proceeding with changes to the standards. This meeting is scheduled for one day to provide sufficient time for thorough consideration and collection of MHCC recommendations. HUD, therefore, strongly encourages active participation by committee members, stakeholders, and other interested parties.

Abstract of Information Available

Based on the information available, human remains representing, at least, one individual have been reasonably identified. No associated funerary objects are present. In 2018, the Arizona State Museum received ancestral remains from the Snohomish County, Washington, Medical Examiner. The remains, designated AZ 04SN2365, were recovered from a thrift store in a box that contained a Tucson address and a newspaper. Based on these associated materials, the individual is believed to have originated from southern Arizona.

Based on the information available, human remains representing, at least, one individual have been reasonably identified. No associated funerary

objects are present. In 1976, the Arizona State Museum received ancestral remains from a private citizen. The remains, designated AZ 76–83, were reportedly recovered from a mineshaft in the Empire Mountains southeast of Tucson, Arizona.

Based on the information available, human remains representing, at least, one individual have been reasonably identified. No associated funerary objects are present. On an unknown date, the Arizona State Museum received ancestral remains from the Tucson Police Department. The remains, designated AZ 831158002TPD, are believed to have originated from the Tucson area based on the limited available acquisition history.

Based on the information available, human remains representing, at least, one individual have been reasonably identified. No associated funerary objects are present. On January 20, 1988, a private citizen discovered ancestral remains near Red Rock, Arizona. The remains were reported to law enforcement and subsequently transferred to a deputy with the Pinal County Sheriff's Office, who delivered them to the Pima County Office of the Medical Examiner (PCME) for evaluation. The PCME declined jurisdiction and, on March 8, 1988, transferred the remains to the Arizona State Museum, where they were designated AZ AA ML–88–0266.

Based on the information available, human remains representing, at least, one individual have been reasonably identified. No associated funerary objects are present. On an unknown date, a private citizen removed ancestral remains from the Silverbell Mountains in Pima County, Arizona. The individual donated the remains to the Arizona State Museum on April 5, 1941, where they were later assigned the designation AZ AA:— 304.

Based on the information available, human remains representing, at least, one individual have been reasonably identified. No associated funerary objects are present. Between 1980 and 1985, ancestral remains were recovered during the Northern Tucson Basin Survey project, east of State Route 87 and north of Houser Road in Pinal County, Arizona. Upon completion of the project, circa 1985, the survey collections were transferred to the Arizona State Museum. The remains were later identified during a 2010 collections review and subsequently assigned the designation AZ AA:3:—.

Based on the information available, human remains representing, at least, 12 individuals have been reasonably identified. No associated funerary
